

Cornwall End of Life Care Education Group

Palliative and End of Life Care Learning & Education

CALENDAR OF EVENTS

July – September 2026

The overarching aim of the Cornwall End of Life Education Group is to ensure that all health & social care professionals providing care and support to people at the end of their lives, across the county, have access to appropriate and responsive education & learning opportunities.

As well as bringing together local educational opportunities currently being offered across service providers, this Calendar of Events informs future plans for End of Life & Palliative Care learning, enabling providers of education to work together to identify gaps, address unmet needs and avoid unnecessary duplication.
